*George Brady was a tireless advocate for Pateros. He served as Mayor and Member of City Council from January 2002 to June 2023. Ives Landing Park was the vision of George, after the construction of Howard's Hotel displaced a popular RV park next to the Superstop. Ives Landing Park is one of the many projects George worked on as Mayor and Council member to make Pateros a better place to live, work and visit.*

*Brenda Brady served on the Pateros Tree Board and was a faithful Arbor Day Volunteer for over ten years. George and Brenda were strong advocates for the Tree City USA program and the community celebration.*
